

Tung Wah Group of Hospitals (TWGHs) initiated to set up a school to provide free education near Man Mo Temple in 1880. At present, TWGHs operates a tertiary education institute, 18 secondary schools, 13 primary schools, 16 kindergartens and 2 special schools with a total student population over 25,000. The Group promotes the school motto “Diligence, Frugality, Loyalty and Faithfulness” as the guiding principle for personal and intellectual development of children and young people. Our schools strive to cultivate proper values and a positive outlook on life in the young generation and to encourage them to lead a full and meaningful life.

Apart from a professional teaching force, up-to-date education facilities and teaching equipment are also indispensable for the delivery of comprehensive and quality education services. To keep pace with the continuous advancement of the mode of learning and changes in curriculum development, renewal and up-grade of school facilities and equipment to meet the needs for effective learning of students are necessary. Our secondary schools, primary schools, kindergartens and special schools are operating mainly with government subsidies. Your unflinching support and generous donation for timely provision, renewal and up-grade of the facility are most essential to ensure that no student will be deprived of their opportunity to receive quality education because of the lack of resources.

The Educational Equipment Donation Scheme aims to raise funds for our secondary schools, primary schools, kindergartens and special schools to acquire facilities outside the scope of basic educational equipment in aided schools. Your kind donation will help to provide a better environment conducive to both learning and teaching so that students can develop their full potential.

We earnestly invite you to join us to support our students by providing quality education services. All direct expenses of the Scheme have been sponsored by TWGHs Board of Directors and no administrative costs will be deducted from the donations from the general public. Your donation will be fully used to finance the acquisition of educational equipment which will directly benefit our students. We look forward to your generous support.

(Dr. LEE Yuk Lun, JP)  
Chairman  
Board of Directors
