TWGHs Free Medical Services Donation Scheme

Dear Friends,

Ever since its establishment in 1870, the Tung Wah Group of Hospitals (TWGHs) start to provide free Chinese medical services to the general public. Nowadays, TWGHs has become a leading charitable organization providing all-rounded Chinese and Western medical and health, social welfare and education services to meet the ever-changing needs of the underprivileged in the society. TWGHs strive to uphold its tradition to heal the sick and relieve the distressed, serving over 1 million attendances of underprivileged with free medical services every year.

Illness is always not only about physical suffering, but also the mental stress. The TWGHs medical teams believe treatment has to reach the heart of patients and their family to ease their negative emotion. By healing with love, we are connected.

Yet under the pressure of escalating medical cost, the annual expenditure on provision of free medical services is expected to reach \$55 million. In order to allow TWGHs to provide sustainable and holistic free medical services, your support is indispensable. All direct costs of the Scheme have been sponsored by Tung Wah Board of Directors and LGT Private Banking, the title sponsor. No administrative expenses will be deducted. All public donations will go direct to our services. We look forward to receiving your support for the benefit of the needy.
