TWGHs Free Medical Services Donation Scheme 捐助計劃

Dear Friends,

For the underprivileged, illness is not just physical suffering, but also mental stress and the financial burden for medication. TWGHs' Free Medical Services provides much needed assistance for them in their medical expenses, as well as encourage them to fight against their illness.

Since its establishment in 1870, TWGHs has striven to uphold its tradition to heal the sick and relieve the distressed. It has been a long standing tradition to provide free medical services for the needy in the community. Our medical staff have committed themselves in the provision of holistic care and their passion and mission have passed down to the next generations.

“TWGHs Free Medical Services Donation Scheme” has received much generous support from different sectors of the society, which has benefited many underprivileged patients and their families. The estimated expenditure on free medical services is expected to reach \$55 million in 2016-2017, covering over 1,000,000 visits every year. In order to allow TWGHs to provide holistic free medical services and seamless care to the community, your support is indispensable.

Please render us your support so that more patients in need will benefit from your generosity. All direct expenses of the Scheme have been sponsored by TWGHs Board of Directors. No administrative costs will be deducted from the donations of the general public to ensure all public donations will go directly to our services.

(Mr. Sunny TAN)
Organizing Committee Chairman cum
3rd Vice-Chairman, Board of Directors
